

Hydro-power Engineers

Case Study – Ugbrooke park

*Domestic scale micro-hydro
installation*

ern Renewable Energy

Hydro-power Engineers

- Existing lake with spillway
- SSSI and listed features
- 8m of fall
- Very small flows for much of year

Hydro-power Engineers

- *Feasibility study*
 - *hydrological modelling*
 - *Costing*
 - *Designs*
- *Flow measurement over extended period*
- *Abstraction Licensing*
- *Detailed survey and design*
- *Agreed schedule & cost*
- *Installation*
- *Commissioning*
- *Maintenance*
